Meeting at a restaurant would work. Hopefully the IRT meeting won't run extremely late and this would allow me to combine our meeting and lunch (getting me back to atlanta a little quicker). I don't have any preferences on places other than hopefully somewhere easy to park and that won't take a long time getting our meal. Just let me know what you decide and we'll go from there.

Thanks,

Kelly,
Thanks for the reply. I can meet immediately after your meeting. I do not have any place in mind yet. Will you have eaten? If not I could line up a restaurant we could go to and talk there. If you will have eaten, I will line up something else close by. My presentation is really just a discussion about what we are doing and looking at some maps, so would be difficult to send something in advance. Let me know if you want to meet over lunch or somewhere else and I will get it set up, however plan on meeting me right after either way.

Bart

Mr. Sabine,

I still haven't gotten a final agenda for the March 22 IRT meeting next week but I expect it will end around 1. I'm going to try to make this a day trip since our travel budget is so tight and was hoping we could meet quickly right around that time. Do you have a place for us to meet? You mentioned having a presentation, is there any info it would be helpful for me to look over beforehand?

Also, I'm going to be on leave for most of the month of April so I'm bringing a shadow along that will be cover SC projects in my absence.

Thanks,

Kelly Laycock
